* Tuition does not include cost of curriculum materials

** Please note that tuition indicated is at subsidized amount (by our school's home parish), which is available to all enrolled students and valid until 2026–2027 school year

- The school year begins on **Tuesday, September 8, 2026**, and concludes no later than **Friday, June 11, 2027.**
- Please note that our **Microschooling**, **On-Line**, and **Blended Learning** programs are designed for **homeschooling families** whose students have access to 3 to 4 hours of at-home learning support each weekday that we do not meet in person. Please, also, note that beginning in Junior Kindergarten, students enrolled in these programs must purchase their curriculum materials (workbooks and other curriculum resources) directly from Memoria Press. **Parents of enrolled students can use our free shipping code to save on the cost of these materials (provided upon enrollment confirmation).**
- Consumable curriculum materials are included in the tuition for students enrolled in the **Full-Time program**.
- For our On-Line program, parents are asked to be near their Kindergarten to Second Grade students during class time, so as to assist with **technology use**, redirecting **student attention**, and directing students to the **workbooks needed** during exercises with the instructor.
